

Solar Light Aluminum Alloy Bracket

Overview

What is a solar panel Z type mounting bracket?

Designed with convenience in mind, these Solar Panel Z Type Mounting Brackets are constructed with lightweight aluminum alloy, ensuring effortless transportation and installation. Perfect for securely mounting various solar panels, this product promises easy use and optimal efficiency in harnessing solar power.

What are solar panel brackets made of?

Marine-Grade Materials Ready for the elements Our solar panel brackets are made of a T66 graded alloy, which we use for its incredible reliability, versatility and high strength-to-weight ratio. T66 is used in shipbuilding and offshore industry, so you will never have to worry about weather or the elements.

What are solar panel clamps made of?

Get even more security, stability and durability with these hard wearing clamps, made out of sleek black anodised aluminium for extra quality and long-lasting strength. Clamps are placed at intervals around the edges of your solar panel mounting brackets, giving extra protection from the elements. Marine-Grade Materials Ready for the elements.

Which rail fixtures should I choose for my solar panel installation?

Rail fixtures will be tailored to the exact requirements of your installation. These heavy-duty anodised aluminium rails and connectors are specially treated for maximum durability and are placed at the edges of your solar panel mounting brackets to fix them to the roof. Black Anodised Aluminium Mid & End Clamps.

What is a Z type mounting bracket?

Constructed with premium-grade aluminum alloy, these Z type mounting

brackets offer exceptional durability and corrosion resistance, ensuring absolute longevity and performance for years to come.

Why should I choose a T66 grading solar panel bracket?

Key features Reliable, strong and durable Our solar panel brackets were designed in the UK Barely visible on your roof T66 grading means they are certified for offshore use Black Anodised Aluminium Rail & Rail Connector Rail fixtures will be tailored to the exact requirements of your installation.
