(With generator backup, used very little). Solar Man SA is your answer to an all in one solar solution supplier with more than 2 decades of experience!!.

What is solar power in South Africa?

Solar power is the energy that is created when sunlight is converted to electricity. In South Africa, we are privileged to have up to 250 hours of sunlight each year, and all of this energy is mostly going to waste. By harnessing this power, you will be saving big on your electricity bill.

Why should you install solar panels in Pretoria?

living in Pretoria has great opportunity for their home and businesses to cut their electrical bills. The sunny conditions thru much of the year, your solar installation will provide fantastic results and allot savings. Pretoria enjoys more sun exposure than most places in Guateng, with an average of 8-10 hours of sunlight every day.

Should you invest in solar power in Pretoria?

Solar power has become of a necessity than a want in the last few years in Pretoria. With Load shedding it's little wonder why. Pretoria is not only one of South Africa sunniest cities, but electricity stability is not great, making solar power one of the best investment opportunities out there.

How much sun does Pretoria get a day?

Pretoria enjoys more sun exposure than most places in Guateng, with an average of 8-10 hours of sunlight every day. For the best solar installations in Pretoria contact Greenline Projects. We offer the best solar installations in

Pretoria.

How can small businesses benefit from solar power in Gauteng?

Small businesses in Gauteng can afford to transform the way that they get electricity. And they can start enjoying the rewards of going solar almost immediately. As a business with a Solar PV (photovoltaic) power plant, your CO2 tax will be minimized.
