

Solar energy nz company

Overview

Why do we need solar power in Aotearoa New Zealand?

Solar production corresponds with the hottest daytime temperatures, when New Zealand's increasing demand for air-conditioning and irrigation is at its highest. Lodestone Energy is bringing grid-scale solar to Aotearoa New Zealand to power our nation's zero carbon future. Our solar farms are redefining what green energy generation means.

Can solar power New Zealand's zero carbon future?

Harnessing the sun's energy to power New Zealand's zero carbon future. Our first five solar farms will generate enough energy to power 50,000 homes, or a city the size of Hamilton. And we're not stopping there. The largest solar project Aotearoa's ever seen, delivered by Lodestone Energy.

Does New Zealand need solar power?

New Zealand is in desperate need of new, clean energy generation such as solar power if we are to meet this growing demand, while at the same time achieving our emissions reductions targets, and helping to protect future generations from the negative impacts of climate change.

Who is skysolar?

SkySolar is a kiwi owned and operated Solar company supplying and installing photovoltaic solar installations throughout New Zealand. We help kiwi homes and businesses harness the zero emission solar energy hitting their roofs every day. Receive news and updates from SkySolar. We are the specialists for solar energy panels NZ.

Why is lodestone bringing solar to Aotearoa New Zealand?
