

Solar energy sales pitch

Overview

We're just going to say it: most solar sales pitch scripts are boring. Why?

Because they start with a generic introduction that's more likely to put prospects to sleep than it is to make them.

Are you trying to sell solar panels to your prospects?

If so, your door to door solar sales pitch will fail. Always remember. You don't sell solar panels, you sell energy-related solutions.

Going solar is a big decision. The panels are expensive. They're installed on people's homes—likely the largest investments they've ever made. And the technology, while gaining pop.

Nobody buys solar because a sales rep told them to. You have to show prospects that solar panels are a worthwhile investment, which is easier to do with substantial data and visuals aids.

First things first, you have to understand your audience to create a high-converting solar sales pitch. Then build an ideal customer profile (ICP) to match. In the solar industry, ICPs are normally: 1. Homeowners: Since renters don't own the homes they live in, they won't want to talk to you about solar. Focus your energy.

Now that you know who to target, you can begin to craft your door to door solar sales pitch, which should address these three questions: .

We're just going to say it: most solar sales pitch scripts are boring. Why?

Because they start with a generic introduction that's more likely to put prospects to sleep than it is to make them want to buy solar panels. Skip the standard intro and start your solar sales pitch with a question.

Going solar is a big decision. The panels are expensive. They're installed on people's homes—likely the largest investments they've ever made. And the technology, while gaining popularity, is far from mainstream. Only 3% of U.S. electricity comes from solar.

Are you trying to sell solar panels to your prospects?

If so, your door to door solar sales pitch will fail. Always remember. You don't sell solar panels, you sell energy-related solutions. This is important because your prospects don't actually care about the panels. They.

Why are solar sales pitches so boring?

Hopefully, the answer is because your company offers some kind of unique value, such as: Take a moment to think about your company and the ways in which it outperforms the competition. Then use these things in your solar sales pitch. We're just going to say it: most solar sales pitch scripts are boring. Why?
