

Solar income tax credit scam companies

Overview

What is a solar energy scam?

The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy or other home improvements designed to increase energy efficiency. If you agree to the scammer's offer, it could cost you tens of thousands of dollars.

Are free solar panels a scam?

Know that "free" or "no cost" solar panel offers are scams. The federal government does not install solar systems in homes for free. If you're considering whether solar energy is right for you, check out the Department of Energy's guide for homeowners and learn more. Or check out the Department of Treasury's guidance on clean energy.

Do you get a tax credit if you install solar panels?

When you install solar panels (and certain other related technology) you receive a portion of the cost back on your taxes. For 2024, the portion you get back is 30% and will stay there through 2032 as laid out in the Inflation Reduction Act. The tax credit isn't a check the government will send you, or a rebate.
