Solar Future Hong Kong have completed over 130 projects over the last 4 years of operation ranging from Residential to large Industrial and Commercial Projects throughout Hong Kong.

How do I choose a solar panel system?

Your choices of solar panel system may vary depending on the material in the structure of your roof, such as glass, concrete, or metal. Solar potential is higher if the roof is exposed to sunlight throughout the day. The tilt,

orientation, and size of the roof will affect the amount of solar generation.

What can solar power do for You?

Our expertise covers a wide range of applications, including commercial buildings, shopping centres, schools, and residential buildings. Our systems convert solar energy into electricity to support the energy needs of your premises, or to allow you to feed electricity back into the grid.
