

Solar panels purchase

Overview

Where can I buy solar panels?

For some, buying equipment directly from Amazon or wholesale resellers is the best place to buy solar panels and the most affordable option. For others, a large, national company may be able to provide you with a better deal than you can find on the EnergySage Marketplace. Using the EnergySage marketplace, buying solar panels is easy.

Where can I find information about solar panels?

Browse and compare solar panels from top manufacturers on the EnergySage Buyer's Guide. To learn about other solar energy system components, visit EnergySage's solar inverter and solar battery buyer's guides. Solar panels are the key component in any residential, commercial, or utility-scale solar energy system.

Where can I buy solar equipment?

Like wholesale resellers, Amazon is another way to purchase solar equipment directly. Many people commonly purchase solar panel kits from Amazon that include the majority of equipment necessary for getting a solar panel system up and running (i.e., wiring, solar panels, the inverter, etc.).

Why should you buy solar panels from solar.com?

Solar.com simplifies the process of buying solar panels by pairing you with an expert Energy Advisor to guide you every step of the way. Better yet, studies by the US Department of Energy have proven that homeowners save money by comparison shopping on solar.com.

Should you buy solar panels from a local installer?

By easily comparing quotes from local installers, homeowners have access to a tremendous variety of solar panels, inverters, and batteries. While it is possible for homeowners to buy solar panels themselves, either used or

directly from the manufacturer, there are a few reasons buy them through an installer.

Can you buy solar panels from a wholesale reseller?

Wholesale resellers sell equipment online to consumers looking to go solar. While labeled as “wholesale,” these items will still typically include a markup so that the company selling the product will make a profit. It’s currently not possible for consumers to purchase wholesale solar panels directly from panel manufacturers.
