

Solar power buying guide

Overview

How do I choose a solar panel for my home?

The type of solar panel, power output, efficiency, performance in warm climates, warranty, and price are the key factors to assess when comparing solar panels. The best solar panel for your home can depend on your roof space, shading, and climate. What are the best solar panels?

.

How do I buy solar panels?

How you choose to buy solar panels depends on your financial situation and your savings goals. Paying cash is the simplest way to buy solar panels and offers the greatest return on investment. Cash purchases are typically made in 3-4 installments. For example:.

Why should you buy solar panels from solar.com?

Solar.com simplifies the process of buying solar panels by pairing you with an expert Energy Advisor to guide you every step of the way. Better yet, studies by the US Department of Energy have proven that homeowners save money by comparison shopping on solar.com.

Where can I find information about solar panels?

Browse and compare solar panels from top manufacturers on the EnergySage Buyer's Guide. To learn about other solar energy system components, visit EnergySage's solar inverter and solar battery buyer's guides. Solar panels are the key component in any residential, commercial, or utility-scale solar energy system.

Should I buy or lease solar panels?

If you have the funds, it's better to buy solar panels rather than lease, and that's mostly due to tax credits. The federal government will provide a 30%

tax credit for the total cost of the project. This will take a huge chunk off the bill. The sooner solar panels are paid off, the sooner they provide "free" energy.

Should you buy solar panels from a local installer?

By easily comparing quotes from local installers, homeowners have access to a tremendous variety of solar panels, inverters, and batteries. While it is possible for homeowners to buy solar panels themselves, either used or directly from the manufacturer, there are a few reasons buy them through an installer.
