

Solar power generation enjoys immediate tax refund

Overview

Are solar panels tax deductible?

Overall, capital allowances on solar panels can provide a valuable tax relief for businesses investing in renewable energy and can help to reduce the cost of transitioning to a more sustainable and energy-efficient business model. The Government is offering tax breaks for the installation of solar panels until 31 March 2023.

Are solar panels taxable?

Often the electricity is used by the business operating out of the property with excess electricity being sold to the National Grid. Any receipt from such a sale is taxable. Tax relief is available on the cost of production including the capital costs of installing solar systems.

What is solar photovoltaic tax relief?

Since 2012 solar photovoltaic systems have been classified as items which attract an 8% annual writing down allowance tax relief. Also since 2012 the rate on which allowances can be claimed for any asset generated income under the feed in tariff is 8%. This compares to rates of up to 18% for tax relief on assets in other industries.

Are solar panels a tax break?

It is the biggest two-year tax cut in British history. To claim their tax break, Businesses must invest in qualifying plant and machinery by 31 March 2023. Solar Panels are qualifying assets under the 50% First Year Allowance.

Is a sale of a solar system taxable?

Any receipt from such a sale is taxable. Tax relief is available on the cost of production including the capital costs of installing solar systems. The typical installation has a reasonable set up cost and then generates income which has low cost of production.

Do solar installations qualify for HMRC tax relief?

HMRC regard solar installations as a long-life asset, which sometimes reduces relief. However, the installations do qualify for 100% Annual Investment Allowance (which is available for up to £1,000,000 of total qualifying expenditure by most standalone farming sole traders, partnerships or companies in the year ending 31 March 2023).
