

Solar system sculpture

Overview

The bodies represented in this model include the , the (and some of their), and many types of small bodies (, , , etc.), as well as some abstract concepts (like the zone). Because of the existence of many small bodies in the real , the model can always be further increased.

How does a solar system model work?

The model uses the towpath of the 22-kilometre (14-mile) Bridgwater and Taunton Canal to display a model of the Sun and its planets in their proportionally correct sizes and distances apart. Unusually for a Solar System model, there are two sets of planets, so that the diameter of the orbits is represented.

What is the Sweden Solar System?

The Sweden Solar System is the world's largest permanent scale model of the Solar System. The Sun is represented by the Avicii Arena in Stockholm, the second-largest hemispherical building in the world. The inner planets can also be found in Stockholm but the outer planets are situated northward in other cities along the Baltic Sea.

Who created the Solar System?

The system was started by Nils Brenning, professor at the Royal Institute of Technology in Stockholm, and Gösta Gahm, professor at the Stockholm University. The model represents the Solar System on the scale of 1:20 000 000, i.e. one metre represents 20,000 km.

What are some historical models of the Solar System?

Monument to the Sun (Zadar, Croatia) Nine Views (Zagreb, Croatia) Pajamäki Solar System Scale Model (Helsinki and Espoo, Finland) Planet Lofoten (Lofoten, Norway) Sagan Planet Walk (Ithaca, New York) Somerset Space Walk (Somerset, England) Sweden Solar System Related Solar System Kirkhill Astronomical Pillar Historical models of the Solar System.

Akaa Solar System Scale Model(Akaa, Finland) Gravity Discovery Centre(Gingin, Australia) Kystagerparken(Hvidovre, Denmark) Monument to the Sun(Zadar, Croatia) Nine Views(Zagreb, Croatia) Pajamäki Solar System Scale Model(Helsinki and Espoo, Finland) Planet Lofoten(Lofoten, Norway) Sagan Planet Walk(Ithaca, New York).

Does science art sell on Etsy?

We also sell on Etsy! Science Art meticulously creates our one of a kind orrery designs--mechanical models of the solar system. At the heart of our orrery models lies a powerful solid brass clockwork mechanism, calibrated to orchestrate the orbits of the planets in correct relative motion- in faithful ratio of each planet's orbit to one another.
