

Solar window film companies

Overview

What is solar control window film?

Minimal light control and maximum heat protection that barely alters the look of window glass. Lowers your energy use year-round by reflecting heat in summer and insulating it in winter. Solar control window film is an affordable way to upgrade any home's windows. Discover all of LLumar's solar control window film for homes.

Can solar control window film reduce solar heat gain?

Solar control window film can effectively reduce solar heat gain without impairing the visual connection. This pamphlet provides information on its application and selection from energy efficiency point of view. Basic Principle Solar heat in the form of radiation with wave lengths from - 2.5um penetrates through the glazing into indoor.

Who makes Sican solar window film?

SICAN CO., LTD. SICAN CO., LTD. As one of the world's leading solar window film manufacturers resides in Taiwan, Sican focus mainly on the design, innovation and best quality films one can produce for the industry. Sican produces not only for automotive solar films, but also energy efficient films for commercial & residential.

Are solar control Windows worth it?

The solar control films will be of great value to your house and office. Solar control window film can strengthen the glass to withstand strong wind. If the glass is broken, the installed film holds the shattered glass together, preventing extensive damages and injuries.

Can solar control window film Change Your Home's exterior look?

Our window film can help change the appearance of your home's exterior, too. With solar control window film you can maintain your home's current look or

update it by selecting a film that's nearly invisible, tinted in either warm or cool tones—even mirrored. Relieve heating and cooling systems, to help save energy and shrink energy bills.

Why should you choose solar control film over window treatments?

Homeowners often choose solar control film over window treatments because it keeps rooms bright and comfortable without hiding attractive woodwork, decorative windows, or outdoor views. Our window film can help change the appearance of your home's exterior, too.
