

Solarx smart energy

Overview

What does solarmaxx do?

Creating and delivering clean, cost-effective solar power is our top priority — not a side project to other business interests. SolarMaxx offers a broad range of solutions ranging from Turnkey Solar energy solutions, Solar Water Heating and Solar Lighting.

Who is SolarX?

SolarX is the leading commercial and industrial (C&I) solar company mainly focused on the Sahel region. By deploying and financing solar and renewable energy assets, SolarX helps B2B clients to access a cheaper, more reliable, and clean source of energy.

Does China's Solax power support 200% PV oversizing?

China's SolaX Power has developed two lines of integrated energy storage systems that reportedly support up to 200% PV oversizing. Their rated output power ranges from 3 kW to 15 kW. SolaX Power has introduced two new lines of integrated energy storage systems.

What is SolarX & how does it work?

SolarX is committed to make a major contribution to both building a geopolitically independent source of energy and combating Climate Change. And the journey has just started. Our Leadership Team draws its expertise from high profile solar developers such as Solar Konzept, TEKNE and Trina Solar.

What is the rated output power of Solax power?

Their rated output power ranges from 3 kW to 15 kW. SolaX Power has introduced two new lines of integrated energy storage systems. The X1-IES series includes four models, with rated output of 3 kW to 8 kW, while the X3-IES series includes five models, with rated output power ranging from 5 kW to 15 kW.

What is the SolarX project?

The SolarX project marks a thrilling advancement at the intersection of cryptocurrency and green energy. It harmoniously integrates state-of-the-art technology with a resolute dedication to ecological preservation.
