

Standby generac generators cost

Overview

Enhancing your home's resilience with a Generac backup power solution is a major consideration, especially in terms of cost. Typically, the cost of purchasing a unit and having it installed by our fully trained and experienced technicians starts at \$13,000. The average cost is \$15,000. What is a Generac standby generator?

A Generac standby generator protects your home and gives you peace of mind. When the power fails, you'll be ready. With automatic operation and 24/7/365 support from our Wisconsin headquarters, a Generac backup generator gives you added protection in an increasingly uncertain world.

How does a Generac home standby system work?

Thanks to the transfer switch technology, your backup generator can start supplying power to your home seconds after an outage begins. Whether you're home or not, your Generac home standby system kicks into action, and continues to power your home until utility power returns.

How do I buy a home standby generator?

Credit card, PayPal or Buy Now, Pay Later options available at checkout. Your choice. As the #1 selling home standby generator brand, Generac's Guardian Series; generators provide the automatic backup power you need to protect your home and family during a power outage.
