

# **Successful bid price of hybrid solar inverter project in Germany 2025**

## Overview

---

The prices for successful bids ranged between €0.0674/kWh (US\$0.073/kWh) and €0.0745/kWh (US\$0.0745/kWh) and the average volume-weighted price was €0.0709/kWh, which ended much lower than the price ceiling of €0.0918/kWh and the previous innovation auction's average of €0.0833/kWh.

The prices for successful bids ranged between €0.0674/kWh (US\$0.073/kWh) and €0.0745/kWh (US\$0.0745/kWh) and the average volume-weighted price was €0.0709/kWh, which ended much lower than the price ceiling of €0.0918/kWh and the previous innovation auction's average of €0.0833/kWh.

The prices for successful bids ranged between €0.0674/kWh (US\$0.073/kWh) and €0.0745/kWh (US\$0.0745/kWh) and the average volume-weighted price was €0.0709/kWh, which ended much lower than the price ceiling of €0.0918/kWh and the previous innovation auction's average of €0.0833/kWh. "The significant.

The German Federal Network Agency (Bundesnetzagentur) said the tariffs ranged from €0.0500 (\$0.0590)/kWh to €0.0639/kWh, with an average price of €0.0615/kWh. Bavaria received the most awarded capacity, with 12 projects totaling 137 MW, while Saxony-Anhalt and Lower Saxony secured 124 MW and 49 MW.

The prices of the successful bids in the pay-as-bid auction ranged from 5.62 cents per kilowatt hour (ct/kWh) to 7.13 ct/kWh. The average volume-weighted award price fell from 7.15 ct/kWh in the previous round to 7.00 ct/kWh. The federal state with by far the most volume awarded was North.

Germany's Federal Network Agency (BNetzA) published on Thursday the price ceilings for the renewable energy generation auctions that will be carried out in 2025. The values were capped at EUR 0.068 (USD 0.07) per kWh for ground-mounted solar PV systems, EUR 0.0735/kWh for onshore wind, EUR 0.09/kWh.

Germany's Federal Network Agency (BNetzA) has announced the results of its latest ground-mounted solar tender held on March 1, 2025, revealing continued investor enthusiasm with bids exceeding allocated capacity for the

eighth consecutive round. The agency received 420 proposals totaling 3.839.

Bids for Germany's latest solar photovoltaics (PV) support tender exceeded the auctioned total capacity by more than twice, said the Federal Network Agency (BNetzA) in a press release. Projects with a total capacity of almost five gigawatts (GW) were submitted to be awarded the right to build solar. Does Germany have a solar-plus-storage innovation tender?

Image: Baywa r.e. The German Federal Network Agency (Bundesnetzagentur) has awarded 587MW of solar-plus-storage in its latest Innovation Tender. As has been the case in many of Germany's recent solar PV auctions, the Innovation Tender ended up oversubscribed, with 154 bids made for 1.8GW of capacity out of 583MW tendered capacity.

What are Germany's most anticipated solar projects?

1. Verbund Visiolar Germany solar PV park The Verbund Visiolar solar PV park is a sizable project planned near Berlin, with a capacity of 2,000 MW. This solar plant will span 3,459 acres at first, with plans to expand further across 49,421 acres. Its sheer scale makes it one of Germany's most anticipated solar projects.

How many MW of solar-plus-storage capacity will be awarded?

Both capacity bid for and awarded were higher than the previous innovation auction held in July 2024, which awarded 512MW of capacity for solar-plus-storage projects. The Innovation Tender solicitations were launched in 2020, and are open to project bids that combine two or more renewable or clean energy technologies.

## Successful bid price of hybrid solar inverter project in Germany 2025

### Solar power in Germany - output, business & perspectives

In Germany's first solar power auction in 2025, successful bids averaged at 4.76 ct/kWh. The strong expansion of solar power in Germany did not lead to increased support ...

### Intersolar Europe 2025: Munich, Germany 2025.5.7-5.9

Munich, Germany 7-9 May, 2025 Stand Number: B3.430+B3.540 The countdown to Intersolar Europe 2025 is on, and Solis is bringing something BIG to share! From May 7-9, join us in Hall B3 at Europe's ...
