

# **Successful bid price of lithium ion storage project in Oman 2025**

## Overview

---

Chinese global battery materials manufacturer Hunan Zhongke Electric Co Ltd, a publicly traded company listed on the Shenzhen Stock Exchange, has announced that it plans to set up a first-ever lithium-ion battery anode production facility in the Sultanate of Oman with an investment.

Chinese global battery materials manufacturer Hunan Zhongke Electric Co Ltd, a publicly traded company listed on the Shenzhen Stock Exchange, has announced that it plans to set up a first-ever lithium-ion battery anode production facility in the Sultanate of Oman with an investment.

The proposed Oman project will position Zhongke as a leading global brand in lithium-ion battery anode materials (Picture for illustration only) Muscat, June 5 Chinese global battery materials manufacturer Hunan Zhongke Electric Co Ltd, a publicly traded company listed on the Shenzhen Stock.

Oman has announced plans for a groundbreaking \$1 billion lithium-ion Li-ion battery materials project. This initiative aims to meet the growing global demand for clean energy solutions while providing a significant boost to Oman's economy and workforce. The project will focus on producing critical.

Hunan Zhongke Electric Co., Ltd., a listed Chinese battery materials manufacturer, announced plans to invest approximately \$1.1 billion to build Oman's first lithium-ion battery anode material production base. The project will have the capacity to produce 200,000 tons of lithium-ion battery anode.

Hunan Zhongke Electric Co., a Chinese company listed on the Shenzhen Stock Exchange, has announced plans to invest approximately \$1.1 billion in establishing Oman's first lithium-ion battery anode materials plant at Sohar Port and Freezone. This ambitious project, aligned with Oman's Vision 2040.

With prices now hitting 0.456 OMR/Wh in recent tenders [8] [9], Oman's capital is witnessing a storage revolution that would make even seasoned market traders raise their eyebrows. Remember when storing energy required literal camel caravans transporting ice?

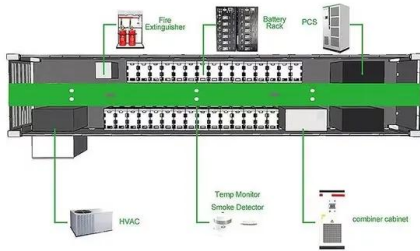

(Okay, maybe not.) Today's numbers tell.

Search all the announced and upcoming battery energy storage system (BESS) projects, bids, RFPs, ICBs, tenders, government contracts, and awards in Oman with our comprehensive online database.

## Successful bid price of lithium ion storage project in Oman 2025

---

### Facing the tightening lithium supply challenge in 2025

Facing the tightening lithium supply challenge in 2025 The lithium market in 2025 is expected to face significant challenges due to production cuts, shifting demand patterns and geopolitical tensions. These factors are poised to ...
