

# Trina Solar photovoltaic panel ranking

## Overview

---

Trinasolar, with its extensive manufacturing experience, vertical integration layout, sound financial performance, and outstanding ESG and CSR performance ranked second on the Global solar module m. Is Trina Solar a good company?

Trina Solar was listed as a top performer for all 7 tests (the thermal cycling, damp heat, mechanical stress sequence, hail stress sequence, PID, LID+LETID and PAN performance) in the latest report. Trina Solar has been consistently named each year as a top performer since 2014. Why is office location in Australia Important?

.

Does Trina Solar have an AAA rating?

With the AAA rating, the highest category, in the PV ModuleTech Bankability report published last week, Trina Solar has become the only module supplier achieving both AAA rating by PV Tech and Tier 1 PV module maker by BNEF.

Is Trina Solar a top performer?

Trina Solar has been listed as a Top Performer by PVEL for eight straight years and named a RETC Overall High Achiever for three consecutive years as of 2022. Moreover, Trina Solar's Vertex 670W modules at the empirical site withstood the strong typhoon Muifa with strong winds of nearly 160 kph, equivalent to a Category 2 Atlantic hurricane.

How powerful are Trina Solar panels?

The company's most recent breakthrough panel achieved a maximum power output of 740.6 Watts. Alas, you won't be able to install those on your roof, but the residential panels are still adequately powerful. Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line.

Is Trina Solar a good PV module maker?

The recently launched Vertex N 595W and Vertex N 690W, boast an increased power of 30W to 70W over reference n-type modules in the market. Trina Solar has once again been listed in the recently released BloombergNEF Tier 1 PV Module Maker List, 4Q 2022, thanks to its outstanding reliability, brilliant bankability and leading technology innovation.

Where are Trina Solar panels made?

By the end of April 11th, 2022, their annual production capacity cumulative shipments of PV modules had exceeded 100GW. Trina has 3 manufacturing plants located in China, Thailand and Vietnam, it is reported that they have a 50GW+ company-wide production capacity. This makes them a top 5 solar panel manufacturer globally.
