

Trinity PV Panel After-Sales

Overview

Does Trinity solar install solar panels?

Trinity Solar installs solar panels made by Tier 1 manufacturers such as Qcells and offers energy storage systems from Tesla, Generac and other brands. It has multiple payment options, including solar leases from its business partner Sunnova.

Why should you choose Trinity solar?

Bye, high utility bills. Hello solar. Lower your electric bill, gain energy independence, and protect the planet with a home solar power system. Get a free consultation SERVICES Premium solar and roofing installed by experts For over 30 years, Trinity Solar has provided custom solutions and outstanding service. Solar & batteries.

Does Trinity solar offer a \$0 down payment?

If you prefer to avoid a large upfront expense when purchasing solar panels, Trinity Solar offers three \$0 down payment options — a solar loan, solar lease or power purchase agreement (PPA). It handles loans in-house and administers leases and PPAs through Sunnova.

What is a typical installation experience with Trinity solar?

A typical installation experience with Trinity Solar would look as follows: The first step of going solar with Trinity is an energy consultation. It consists of submitting your address, phone number and electricity bills. This is followed by a discussion with a sales rep and an analysis of your bills.

How does Trinity solar pricing work?

Like many other solar installation companies, Trinity Solar keeps pricing close to the chest. Customers will have to sit through an in-depth consultation before they are able to get a quote or rough estimate of their systems' price. Luckily, requesting a consultation is fairly easy.

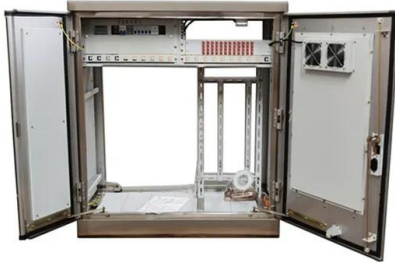

Is Trinity solar a good company?

Trinity Solar has been in business for 30 years, and it's one of the largest privately-owned solar installation companies in the country. It uses generally high-quality products and offers customers some flexible payment options.
