

# **Turnkey on grid solar storage EPC contract price in Libya**

## Overview

---

Who is the best solar EPC Company in Libya?

Solar Power Solutions Pvt Ltd is the premier solar company in Libya. With our expertise and commitment to excellence, we have earned a reputation as one of the best solar EPC companies in the Libya. Our comprehensive range of services includes solar installation, solar energy solutions, and manufacturing and supplying high-quality solar panels.

Will EPC contracts provide for the handover of a solar facility?

EPC Contracts will not provide for the handover of the solar facility to the Project Company, and the PPA will not become effective until all commissioning and reliability trialling has been successfully completed.

Should you choose an EPC contract for a solar project?

Given the significant monetary value of EPC Contracts, and the potential adverse consequences if problems occur during construction, the lowest price should not be the only factor used when selecting a Contractor. As noted earlier, an EPC Contract is one of a suite of agreements necessary to develop a solar project.

How much power does Libya need to meet rising electricity demand?

While Libya currently produces 33 TWh of power to meet rising electricity demand, the sector requires a significant inflow of private investment and more supportive policies from the government in fostering competitive bidding and long-term power purchase agreements for renewable developers.
