

Victron 160ah lithium battery

Overview

What are victron energy lithium battery smart batteries?

Victron Energy Lithium Battery Smart batteries are Lithium Iron Phosphate (LiFePO₄) batteries and are available in 12.8 V or 25.6 V in various capacities. They can be connected in series, parallel and series/parallel so that a battery bank can be built for system voltages of 12 V, 24 V or 48 V.

How does the victronconnect 160AH smart battery work?

With Bluetooth cell voltages, temperature and alarm status can be monitored. Very useful to localize a (potential) problem, such as cell imbalance. The 160Ah Smart battery is equipped with Bluetooth and uses this to communicate with the VictronConnect app.

Which BMS system should I use for my victron energy 160AH smart battery?

The Victron Energy 160Ah Smart Battery Requires one of these BMS SYSTEMS
VE.Bus BMS – recommended for systems with our inverter/chargers. SmallBMS – recommended for use in small systems. Battery Management System BMS 12/200 – recommended for use in Automotive and Marine systems having DC-loads and Alternators.

What is a victron 24V 200Ah smart lithium battery?

With the Victron 24V 200Ah Smart LiFePO₄ Lithium Battery, power your world with confidence, knowing you have the pinnacle of battery innovation designed for peak performance and longevity.

What is the maximum charge current for a victron 200Ah lithium battery?

The Victron 200Ah Lithium Battery has a maximum continuous discharge current of 400A and a recommended continuous discharge current of 200A. You can use the charge current of a battery to determine the maximum battery charger size you can pair with it and how quickly the battery will be replenished.

Can victron BMS batteries be shipped to Hawaii?

Note: This battery must be used with the Victron BMS and other appropriate Victron equipment. NOTE: lithium batteries cannot be shipped to Hawaii via UPS Ground. If you need this battery shipped to Hawaii, please email us or give us a call to place your order. Buy in monthly payments with Affirm on orders over \$50. [Learn more](#)

Victron Energy Smart 12,8-Volt 160Ah LiFePO4-Lithium-Batterie

Victron Energy Smart Lithium Battery mit integriertem Zellenausgleich Bluetooth-App zur Überwachung verfügbar - Mit Bluetooth können Zellspannungen, Temperatur und Alarmstatus überwacht werden. Sehr nützlich, um ein

(potenzielles) Problem zu lokalisieren, z. B. ein Ungleichgewicht der Zellen.

Victron Energy Lithium (LiFePO4) 12.8V 100Ah Battery Smart

Build your Lithium Iron Phosphate (LiFePO4) battery bank with Victron's Smart Batteries. They are available in 12.8 and 25.6 Volts. Up to 20 batteries can be wired in series and parallel to configure your bank in 12V, 24V, or 48V nominal and to the desired capacity. Each cell in Victron's Smart Lithium Battery has a nominal voltage of 3.2V.

Victron Energy BAT512116410 160Ah Lithium Iron Battery

High capacity 12.8V 160Ah Lithium Iron Phosphate (LiFePO4) smart battery module with built-in Bluetooth With bluetooth capabilities, users can monitor their Victron LiFePO4 battery through ...

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small/light, Wall Mounted
- Available in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP55 Design
- Sufficient Protection Functions Equipped
