

Vivint solar company reviews

Overview

Owned by Sunrun Three financing options Free security system included .

Vivint Solar sells residential solar panels along with smart-home systems through Freedom Forever. The company doesn't disclose pricing and specs for its panels, but you can call and get a free.

Vivint's solar panels are made of photovoltaic silicon semiconductor cells. Its panels are Tier 1, which means they adhere to the highest industry standards and offer high efficiency and long-term.

Vivint offers professional installation. The cost to install your system varies based on several factors, including how much energy it produces. Before installation, a Vivint professional visits your home to review your equipment needs and finalize your system design. From there, its team handles everything from permits to the actual installation p.

Vivint Solar offers bundles that combine solar and home security services. The bundles include a Vivint smart hub, security cameras, a smart thermostat, home automation devices and 24/7 monitoring. You can track both your solar and home security devices through the Vivint app.

Vivint Solar's reviews are poor. Of the 2,490 verified customer reviews on ConsumerAffairs, only 20% are satisfied. Some customers have issues with the installation process, including damage to their roofs and poor communication from the company. Does Sunrun own Vivint Solar?

Because Sunrun owns Vivint Solar, customer reviews focus on Sunrun's customer service team. When you work with Vivint Solar, you will also be dealing with Sunrun's employees. Positive reviews for the company mention the quality of the solar panels and the speed and ease of the installation.

Is Vivint Solar a good company?

When you work with Vivint Solar, you will also be dealing with Sunrun's employees. Positive reviews for the company mention the quality of the solar panels and the speed and ease of the installation. More critical reviews mention little to no changes in monthly electric bills and aggressive sales

tactics, such as spam phone calls.

Where is Vivint Solar located?

Vivint Solar was founded in Lehi, Utah, and it still has its headquarters there. The website for Vivint provides some excellent information about the company's history, solar panel installations, offers, and more.

Does Vivint install solar batteries?

Vivint also offers solar battery installation. These backup batteries provide electricity at night and during power outages. Vivint offers two of the most popular solar batteries: the LG Chem battery and the Tesla Powerwall. The company also installs electric vehicle (EV) chargers. Vivint offers private Level 2 EV chargers.

What payment options does Vivint Solar offer?

Go Directly to Vivint Solar Customer Reviews Vivint Solar offers a wide variety of payment options, including solar leases, power purchase agreements (PPAs), cash purchases, solar loans, and property assessed clean energy (PACE) financing.

How does Vivint Solar work?

The remote system monitoring from Vivint will allow you to report any problems and check on the effectiveness of your actual system. The financing plans and options from Vivint solar will change depending on your location, your credit score, and the style and design of your home solar system.
