

What is the ranking of Trina Solar panels in China

Overview

Is Trina Solar China a good PV module company?

Image: Trina Solar China's PV module companies released their financial reports for 2022 and the first quarter of 2023 at the end of April, with some of the leading manufacturers posting strong performance. Currently, the competition among AAA-grade PV module companies is fierce.

Who is Trina Solar?

Trina Solar is known for its commitment to innovation and sustainability. It operates as one of the top Chinese solar panel manufacturers and has made significant contributions to China's solar panel production.

Who makes the most solar panels in the world?

LONGi, Trina Solar, JinkoSolar and JA Solar remain the top 4 manufacturers, with a combined global shipment of around 171GW. LONGi, as a PV giant and industry benchmark, shipped around 45GW of solar modules in 2022, accounting for 17.5% of new installations. And its module shipment in 2021 was 38.52GW.

How powerful are Trina Solar panels?

The company's most recent breakthrough panel achieved a maximum power output of 740.6 Watts. Alas, you won't be able to install those on your roof, but the residential panels are still adequately powerful. Trina Solar currently offers two solar panel lines for residential solutions in the U.S.: the Vertex S/S+ and the Residential line.

Is Trina Solar a good brand?

Trina Solar competes with some of the top brands on the market, but they're not number one in any category. Trina Solar does everything pretty well (efficiency, temperature coefficient, warranties, price, etc.), but there's usually a premium solar panel brand that does it better.

Who makes the most solar panels in 2022?

JA Solar, Canadian Solar, and Risen Energy rounded out the top six, in a year dominated by large-format modules. TrendForce says in a new report that the top six module manufacturers in 2022 shipped around 205 GW to 211 GW of PV panels, accounting for 76% to 78% of 270 GW of module demand last year. All of the main manufacturers are based in China.
