

# What tools are best for cleaning photovoltaic panels

## Overview

---

The best way to clean solar panels is to use a soft-bristled brush or squeegee specifically designed for solar panels, along with a mild soap or specialized cleaning solution. Can a cleaning brush be used on solar panels?

It can be used on both solar thermal panels as well as solar PV and is a non-caustic formula. This cleaning brush is specially designed to clean solar panels with a 7.5metre telescopic rod and rotating circular brushes with a direct water feed.

How to clean solar panels?

Low-pressure operation with cold water and a delivery rate of 700 to 1000 litres per hour is sufficient. A nylon bristle ensures scratch-free cleaning to protect the sensitive surfaces of the solar panels during cleaning. Models with harder bristles on the outside of the plates also ensure very good cleaning results on the module frames.

What is the best solar panel brush & cleaning tool?

If you're looking for the very best solar panel brush and cleaning tool your money can buy, then look no further. The EQUIPMAXX water-fed pole is made from aerospace-grade aluminium, and has sturdy brass fittings allowing you to securely attach your outdoor faucet or hose, with which you can then wash, brush and clean your panels in one.

What is solar panel cleaning?

First and foremost, let us introduce the two different terms discussed in this article: Solar panel cleaning: this entails washing the panels like windows. The cleaning may be combined with preventive maintenance of the solar collectors.

Do solar PV panels need to be cleaned?

That said, most solar pv panels in the UK will not need any heavy-duty

cleaning because regular rain will wash most dirt and grime off the surface, dispelling one of the myths about solar being its difficulty to clean.

Can you use vinegar to clean solar panels?

Vinegar is a great cleaning agent for solar panels because it contains acetic acid, which is very capable of breaking down tough stains, dirt and grease. It is also readily available and any vinegar will do although the best type to use is white cleaning vinegar.
