

Workspport s terravis solar truck bed power system

Overview

Will workspport's Terravis solar charging tonneau cover work on the Atlis XT?

Atlis Motor Vehicles will offer WorkSport's TerraVis solar charging tonneau cover system as an original equipment accessory for its upcoming Atlis XT all-electric pickup truck. Atlis has claimed that its XT electric pickup truck will be among the most capable trucks available.

Does Terravis have solar panels?

Solar panels are just one element in the TerraVis system. The solarized tonneau cover is paired with the company's COR energy storage platform. "Our flagship product is a folding truck bed tonneau cover with integrated solar panels called SOLIS and a portable energy storage system called COR," Workspace explains.

What is the Terravis solar tonneau cover system?

The TerraVis solar Tonneau cover system consists of four monocrystalline foldable solar panels that have an output of approximately 1,000 watts, or 1kW.

Does workspport have a 650 watt solar tonneau cover?

In April, the company entered an agreement with Hyundai America Technical Center, Inc. to produce customized prototypes of its 650-watt Workspport SOLIS solarized tonneau cover, engineered to fit the bed of Hyundai's Santa Cruz pickup truck. The agreement also includes Workspport's COR energy storage system.

What is the Atlis Terravis solar charging tonneau cover system?

The TerraVis system will be a factory-installed option Atlis Motor Vehicles will offer WorkSport's TerraVis solar charging tonneau cover system as an original equipment accessory for its upcoming Atlis XT all-electric pickup truck. Atlis has claimed that its XT electric pickup truck will be among the most capable

trucks available.

Will worksport's Terravis be the electric truck of the future?

Worksport also plans to offer versions of the TerraVis that provide a "meaningful source of recharge energy"—most likely range extension—for the electric trucks of the future from manufacturers including Rivian, Workhorse, Atlys, Bollinger, Tesla, Hercules, GM, and Ford. Worksport has two OEM partnerships.
