What are people saying about solar installation services in Los Angeles?

What are people saying about solar installation services in Los Angeles, CA?

"Tim and Frank installed our solar system in 2018 and we could not be happier. Our electric bill dropped from almost \$1,200 to \$25! The system has performed flawlessly, and AWS ensures proper maintenance and required updates.

Who is the best solar installer in 2023?

Clean Solar Honored as a Top Solar Installer in 2023! " Marcia Bever was our point person and she was fantastic (as were every one else we interacted with). " in 42 reviews ". In particular, my main point of contact through all of this was Craig Rush who embodied all of aforementioned qualities " in 28 reviews.

Is SunDollar a good company to install solar panels?

Eric L. said "This is a great locally owned company to install your solar panels. It's great too have access to Dan, Greg and all the other people on the SunDollar team for a great experience." read more John M. said "The crew at Southern Energy Management were outstanding to work with.

Why should I choose a local solar installer?

SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction. This is why we recommend going with a company that's

local to your area rather than a nationwide installer. How can I find solar installers near me?

.

Why should you choose a local solar company?

Research over many thousands of installations shows that there are several good reasons to go local. SolarReviews data, from tens of thousands of reviews of solar companies, shows that local, family-owned solar companies record far higher levels of client satisfaction.
