

Yingli Group s photovoltaic panel base

智慧能源储能系统
Intelligent energy storage system

Overview

Who is Yingli Energy Technology Group?

Yingli Energy Technology Group is one of the world's leading providers of BIPV products and integrated photovoltaic solutions, which aims to provide clean energy for all and built a Zero-carbon world.

Who is Yingli in solar panels?

Yingli is a leading Chinese manufacturer of solar PV modules. We have chosen Yingli Solar Panels for our complete systems due to their module quality, performance, and company financial health and stability. Yingli is one of the leading solar panel manufacturers in China.

How many solar panels did Yingli produce in 2018?

In 2018 they shipped 1.7 gigawatts of panels, which was little more than half their 2014 production. Company History The company's full name is Yingli Green Energy Holding Company Limited. It was founded in 1998 and commenced production of solar panels in 2003. It rapidly expanded and become the world's largest manufacturer in 2012 and 2013.

How efficient are Yingli solar panels?

Yingli Solar panels have efficiency ratings between 19.08% and 20.70% which are high-efficiency ratings. When determining a solar panel's power rating, solar panels are tested under standard test conditions, or conditions that remain constant to fairly compare and test solar panels.

What makes Yingli Solar unique?

Yingli always regards technological innovation and product quality as the core brand competitiveness. Over the long term, with the mascot image of the Panda N-type technology, it has built a distinct brand recognition and brand barrier. Yingli Solar is one of the earliest companies in China to commit to the photovoltaic industry.

What is the strength of the group in photovoltaic technology?

The Group has strong strength in the field of photovoltaic forward-looking technology and key technology research and development. Relying on five -National Key Laboratory of Photovoltaic Materials and Technology -National Key Laboratory of Energy and Photovoltaic Technology -National Technical Standard Innovation Base of Photovoltaic
