

Yingli photovoltaic panel quality national ranking

Overview

Yingli does not offer many options, with only two mono PV modules to choose from, the YLM 120 half-cut cell all-black panel and the YLM 144 half-cut cell monofacial panel.

Yingli Solar offers an overall limited warranty, a 12-year product warranty, and a 25-year performance warranty. The product warranty will cover any issues such as broken panels or malfunctioning panels for up to 12 years.

Solar panel pricing is hard to pinpoint because while panels can be bought at wholesale prices, the entire solar system price is based on local installation costs, shipping, and other market.

Interestingly, Yingli Solar was a top solar panel manufacturer with the largest shipment in 2013. Unfortunately, exponential growth led to financial issues for Yingli and their parent.

Yingli photovoltaic panel quality national ranking

[PANDA 3.0 Series \(N-Type TOPCon\)](#)

In 2010, the mass production of PANDA modules marked a crushing of monopoly of high-efficiency crystalline silicon technology from foreign photovoltaic companies. marking that ...
