

Your energy solution

Overview

Who are my energy solutions?

My Energy Solutions are a family run energy consultancy firm. We pride ourselves in offering a tailor made and personal service to all our clients, to ensure they are on the best tariff for their business. Our customers' worlds are busier than ever before, and their demands from their energy partners are both changing and growing.

Who is energy solutions?

Energy Solutions is a commercial energy broker that has 21 years of experience helping businesses manage their energy. BBA Energy is a business energy procurement and management business that has a focus on micro businesses and the manufacturing, retail, education and construction industries.

What is home energy solutions?

With a compact and modular design, Home Energy Solutions fit right into your decor. Integrate Anker SOLIX appliances into a home energy management system. Tap into maximum solar energy anytime—even at night—with a system that captures nearly all the sun's energy, increasing the self-consumption rate up to 90%.

Where is EnergySolutions based?

Located at our Bear Creek facility in Oak Ridge, Tennessee, EnergySolutions' 20-ton, coreless induction furnace is the largest unit in the U.S. for melting radioactively contaminated metal. The melter is capable of processing 48 million pounds of metal each year.

Tesla

Electricity costs are rising across the country. And utilities charge more when they know you need it most. Instead, make your own clean energy, store the excess for peak times and power outages and break free from the power company grid games.

Why Yes

Once you sign your contract, we will draft CAD designs, work with your HOA, apply for Permits, install your system, attend the final inspection,

and apply for Utility Interconnection & Net Metering. The entire process usually takes 8 - 12 weeks from ...
